

SPR-20 Stencil Printer

Brand: DDM Novastar
Product Code: 013803049538
Availability: In Stock
Weight: 22.70kg
Dimensions: 533.00mm x 711.00mm x 280.00mm

Short Description

Cost effective manual stencil printer designed for low to medium-volume solder paste assembly production runs.

Description

With the SPR-20 Stencil Printer, precise X, Y, Z and theta axis controls allow accurate, consistent deposition of solder paste or masking material for SMT printer applications. This durable easy-to-use SMT printer provides repeatable and reliable results.

- Shares tubular and foil frames with [SPR-25](#)
- True theta adjustment (from exact center point) to enhance alignment ease
- Independent 4 point Z axis leveling
- Complete printing kit provides polyurethane squeegee holder, one tubular frame, and Lexan fixture for easy registration set-up

Specification

Stencil Printers	
Adjustable angle of attack	Manual
Adjustable dual squeegee pressure/speed	Manual
Adjusts to various size frames	No
Linear squeegee guide	No
Maximum Print Area	12" x 15" (305 mm x 380 mm)

Vacuum hold-down option	No
