

SPR-25 Stencil Printer

Brand: DDM Novastar

Product Code: 013803049541

Availability: In Stock

Weight: 0.00kg

Dimensions: 0.00mm x 0.00mm x 0.00mm

Short Description

Cost effective manual stencil printer compatible with standard frames covering a 16" X 18" (406 mm x 457 mm) print area for low to medium volume work like prototypes and small production runs.

Description

The SPR-25 Manual Stencil Printer provides fine X, Y, Z, and theta adjustments for exact stencil-to-board alignment resulting in precise, fine pitch printing of solder paste for prototype stencil printing and other lower volume applications.

- Dual squeegee for clean and convenient application of solder paste
- Linear ball bearing guide assures smooth manual squeegee stroke with its unique adjustable angle-of-attack for precise single or dual direction printing
- Fine X, Y, Z, and theta adjustments for exact stencil-to-board alignment
- Adjustable frame holder compatible with any tubular or cast framed stencils up to 23" x 23" (584 mm x 584 mm) outside diameter
- Easy to lift frame with gas strut assists
- PCB vacuum hold-down option
- Ability to print flex circuits with vacuum option

Specification

Stencil Printers	
Adjustable angle of attack	Yes
Adjustable dual squeegee	Manual

pressure/speed	
Adjusts to various size frames	Frame holder accepts any size stencil frame up to 23" x 23" (584 mm x 584 mm)
Linear squeegee guide	Yes
Maximum Print Area	16" x 18" (406 mm x 457 mm)
Vacuum hold-down option	Yes
