

F-1 Axial Component Trimmer/Former

Brand: DDM Novastar
Product Code: 013803049541
Availability: In Stock
Weight: 0.00kg
Dimensions: 0.00mm x 0.00mm x 0.00mm

Short Description

Manual Axial Component Trimmer/Former

Description

Cuts & bends each side of an axial components to 90° for horizontal mount (flushmount) configuration.

- F-1 is a handcrank unit.
- Fast, rotary machine (26 components per revolution).
- Quick and easy set-up.
- Optional Reel Holder available (RH-1).
- Optional Bender tooling for 0.030" (0.76 mm) to 0.050" (1.25 mm) lead diameters.
- Can cut only (no bending) with optional Cut Only Tooling.
- Can cut and apply a 90° bend to only one side of an axial component with optional hairpin tooling; usually used for vertical mount (hairpin) configuration.

Specification

Lead Formers	
Component Type	Axial
Processing Speeds	26 components per turn
